About me

I am currently a senior student, majoring in Software Engineering.

Education   *Sep. 2021 – now*

Phenikaa University

Skills

· Programming language: C#, HTML, CSS, PHP, JavaScript, Dart.

· Design Tool: Figma.

· Soft skills: Teamwork, problem solving, communication in English.

Project

Restaurant Management System

Tools: PHP, HTML, CSS, JavaScript

Database: MySql

GitHub: tranhoa2003/restaurant_management (github.com)

Dog Information App

Tools: Dart

Database: Firebase

GitHub: tranhoa2003/information_dog

My contribute:

Restaurant Management Interface: Designed and developed the interface for managing restaurant operations, including the menu, table reservations, and order tracking.

Dog Information Interface: Designed and developed the interface for viewing and managing dog-related information, including breed details and individual dog profiles.

Target

Continuous learning and development of personal skills.
